NEW PROPRIETOR FOR BRAZOS VALLEY BARN

Mr. C. A. Buchanan, owner of the Brazos Valley Horse and Mule Barn, will not leave the property the coming year, but will conduct it himself, taking charge on January 1. The property will be overhauled and all necessary repairs made, placing it in perfect condition for the business for which it is designed.

The new proprietor already has two each of the best bred horses and jacks that could be bought in the State. They were carefully selected to meet every demand of this section and will be strong factors in the production of a higher and better grade of stock.

On January 1, Mr. Buchanan will have two cars of good, seasoned, well-broke mules to offer the farmers of this section, and the prices will be as low as can be made to yield a reasonable profit. He will give his personal attention to the operation of the barn, and everything done and everything sold will be under a positive guarantee.

He asks his friends and the public generally to call on him and look over his plant, whether they desire to transact any business or not.
